TFF GROUP COMPLETES THE ACQUISITION OF 100% OF TONNELLERIE REMOND

March 31st 2026, 17h45

After its acquisition of a 55% stake in Tonnellerie REMOND in March 2022 and in line with the shareholders' agreement that stipulated the minority shareholders' exit by March 2028 at the latest, TFF Group is pleased to announce that it now owns 100% of REMOND, having finalized the acquisition of the remaining 45% stake on March 31st, 2026.

With Tonnellerie REMOND, TFF Group gains an undisputed leader in the manufacture of French oak barrels for wine aging, allowing it to strengthen its artisanal positioning, expand its range of high-end aging products, and grow its portfolio of complementary brands.

The partnership, which was formed in 2022 with TFF Group, has demonstrated its relevance and synergy over the past four years.

Synergies have been realized in procurement, human resources, and business development.

The partnership has also enabled Tonnellerie REMOND to increase its inventory levels, optimize its profitability, and establish a self-sufficient and sustainable organizational structure to succeed Catherine DESBOIS-MOUCHEL, who served as CEO and majority shareholder for 37 years.

This acquisition has no impact on TFF Group's business activity or results, as Tonnellerie REMOND is already fully consolidated.
